About Dairymark.com

Dairymark.com is a division of Shainwright Consulting and Research Group Pty Ltd, and is a specialist dairy industry intelligence and consulting organization. The company has completed numerous strategic, market and business development dairy research assignments for Australian and international clients, including dairy companies, dairy industry associations, dairy industry supply companies, and government bodies. Recent examples include:

- Soy versus dairy protein – a review of health and physico-chemical properties
- Review of key indicators of dairy farm performance in Australia
- Bangladesh dairy market study
- An overview of global dairy supply & demand
- A longitudinal dairy pricing study
- A strategic review of dairy industry patent activity
- A strategic review of dairy R&D activity
- A strategic review of trends in whey permeate utilization
- A study of the Australasian dairy industry
- Strategic research identifying trends and opportunities in Asian feed markets for dairy ingredients

In addition, the company has published an expanding portfolio of multi-client reports, including:

- Milk ingredients – a strategic review of opportunities and applications in the oral care industry
- Dairy carbohydrates – a strategic review of opportunities and applications
- Dairy permeates – a strategic review of opportunities and applications
- Buttermilk solids – a strategic review of opportunities and applications
- Colostrum – a strategic review of opportunities and applications
- Global ice cream industry – strategic market, international trade & production review
- Dairy ingredients – a strategic review of opportunities and applications in the cream liqueur industry
- Galacto-oligosaccharides – a strategic review of opportunities and applications
- Dairy spray drying in Oceania – industry, company & plant profiles
- Lactose – a strategic review of opportunities and applications

More information on Dairymark.com, its capabilities, experience, geographic coverage and multi-client reports is available on the company website – visit at www.dairymark.com

Table of Contents

1. Executive Summary	1
2. Dairy Blends – An Introduction.....	4
2.1. Background.....	4
2.2. Blends used in the fast food industry.....	5
2.3. Table spreads – a blends perspective.....	6
2.4. Dairy analogues.....	7
2.5. Filled milks.....	8
2.6. Animal food preparations – a U.S. import market perspective.....	9
2.7. Blended MPCs – a retrospective trade perspective.....	11
2.8. Chocolate crumb.....	13
2.9. GOS-based blends.....	14
3. Dairy Blends – A Codex Alimentarius Perspective.....	17
3.1. Background.....	17
3.2. Food category system for dairy products.....	18
3.3. Codex standard for selected blended products.....	20
3.3.1. <i>Introduction.....</i>	<i>20</i>
3.3.2. <i>Codex Standard 207/1999 – Codex standard for milk powder and cream powder....</i>	<i>21</i>
3.3.3. <i>Codex Standard 250/2006 – Codex standard for a blend of evaporated skimmed milk and vegetable fat.....</i>	<i>21</i>
3.3.4. <i>Codex Standard 251/2006 – Codex standard for a blend of skimmed milk and vegetable fat in powdered form.....</i>	<i>22</i>
3.3.5. <i>Codex Standard 252/2006 – Codex standard for a blend of sweetened condensed skimmed milk and vegetable fat.....</i>	<i>23</i>
3.3.6. <i>Codex Standard 253-2006 – Codex standard for dairy fat spreads.....</i>	<i>24</i>
3.3.7. <i>Codex Standard 256/2007 – Codex standard for fat spreads and blended spreads..</i>	<i>24</i>
4. Canadian Dairy Blend Imports – A Case Study.....	26
4.1. Introduction.....	26
4.2. Canada’s Import Control List system.....	27
4.3. Post-Uruguay round.....	28
4.4. Revenue Canada’s determination – issues arising & consequential outcomes.....	28
4.5. Key issues.....	32
5. Dairy Blends Manufactured in New Zealand.....	34
5.1. Background.....	34
5.2. New Zealand dairy blends – an overview.....	34
5.3. Milk & cream-based formulations.....	37
5.4. Nutritional powder formulations.....	38
5.5. Specialty powder formulations.....	39
5.6. Casein & milk protein formulations.....	40
5.7. Whey & lactose product formulations.....	41
5.8. Cheese product formulations.....	41
5.9. Fat blend formulations.....	42
5.10. Colostrum blend formulations.....	43
5.11. Livestock feed-based blend formulations.....	44
6. Dairy Blends Manufactured in Australia.....	45
6.1. Australian dairy blend classification.....	45
6.2. An analysis of the AHECC designations.....	47

6.3. Estimating Australian blend production volume.....	47
6.4. Dairy Blenders in Australia.....	50
6.5. Intermix Australia Pty Ltd – a profile.....	52
7. Dairy Blends – A European Perspective.....	53
7.1. Blending in Europe.....	53
7.2. Kerry Dairy Ingredients.....	54
7.3. Eurosérum.....	55
7.4. FrieslandCampina Kievit BV.....	56
7.5. Molda AG.....	58
7.6. Bonilait Proteines.....	61
7.7. EPI Ingredients.....	63
7.8. Adams Food Ingredient Solutions.....	65
8. The U.S. Blends Market – Customs Rulings on Foreign Sourced Products.....	68
8.1. Background on U.S. dairy imports.....	68
8.2. Some specific blends entering U.S. market.....	70
8.3. Glinso Foods.....	72
8.4. Ault Foods.....	74
8.5. Barry Callebaut Canada Inc.....	76
8.6. Fonterra USA.....	78
9. Fat-based Blends.....	83
9.1. Background.....	83
9.2. Fat blends sold because of trade restrictions.....	83
9.2.1. <i>Background</i>	83
9.2.2. <i>Japan – prepared edible fat</i>	84
9.2.3. <i>U.S. – milk fat blends</i>	85
9.3. Prepared edible fats – anhydrous & aqueous variants supplied from N.Z.....	87
9.4. Milk fat fractionation – a blends perspective.....	88
9.5. Developing fractionation technology – applications in table spreads.....	89
9.6. Milk fat blended with other fats/oils.....	92
9.7. Milk fats used in the bakery industry.....	92
9.8. Milk fat used in the chocolate industry.....	93
10. Fat-filled Milk Powder.....	95
10.1. What is an FFMP?.....	95
10.2. Targeting desired fat levels in FFMPs.....	95
10.3. Agglomerated & instant fat-filled milk powder.....	96
10.4. Fat-filled whey powder.....	97
10.5. Fat-filled powders in Oceania.....	99
10.6. Product specifications – various fat-filled powders.....	99
11. Milk Fat Blends – Company Profiles.....	102
11.1. Royal VIV Buisman BV.....	102
11.2. Corman SA.....	103
11.3. Campina Buttergold.....	106
11.4. Tatua Co-operative Dairy Co Ltd.....	107
12. Powder Blends.....	111
12.1. Use of whey in dairy blends.....	111
12.2. MPC – a blending approach.....	112
12.3. Milk powder replacers.....	115
13. Milk Powder Blends for Bakery Applications.....	119

13.1. Applications.....	119
13.2. 36% fat cream powder.....	121
13.3. Whipping base powder.....	121
13.4. Dehydrated sweetened condensed milk.....	122
14. Cheese Blends.....	124
14.1. Introduction.....	124
14.2. Cheese as an industrial ingredient – an overview.....	124
14.3. Applications for cheese as a food processing ingredient.....	126
14.4. Cheese powder.....	127
14.5. Blends – the basis for cheese powder manufacture.....	128
14.6. Shredded mozzarella/cheddar cheese blend.....	129
14.7. Romano cheese paste.....	130
15. Infant Formula.....	131
15.1. Background.....	131
15.2. Infant formula – the need to humanize bovine milk formula.....	131
15.3. Commercial development of infant formula.....	132
15.4. Standardizing by blending.....	132
15.5. Physico-chemical criteria.....	133
15.6. Regulatory considerations.....	134
15.7. Selection of raw materials.....	136
15.8. Approaches to infant formula powder manufacture.....	138
15.9. Infant formulae for special medical purposes.....	140
15.10. Premature & LBW infant nutrition.....	140
15.11. Dairy-based blends targeting the U.S. infant formula market.....	141
16. Pharmaceutical Lactose.....	144
16.1. Excipients - overview of functional properties.....	144
16.2. Lactose as an excipient.....	145
16.3. Co-processing excipients to improve excipient properties.....	147
16.4. Povidone.....	152
16.5. Monohydrate lactose and povidone.....	153
16.6. Powdered cellulose.....	158
16.7. Monohydrate lactose and powdered cellulose.....	159
16.8. Microcrystalline cellulose.....	160
16.9. Monohydrate lactose and microcrystalline cellulose.....	160
16.10. Lactose in pharmaceutical blends – a look into the U.S. market.....	161
17. Ice Cream Powder.....	163
17.1. The origins of the ice cream powder industry.....	163
17.2. Formulations for ice cream powder.....	163
17.3. Soft-serve pre-mix.....	165
17.4. Ice cream powder – a U.S. import market perspective.....	165
17.5. Frosty Boy Pty Ltd – a profile.....	166
18. Dairy Blends used in Beverage Formulations.....	170
18.1. Malted milk powder.....	170
18.2. Coffee whitener.....	171
18.3. Dairy-based blends for the beverage industry in U.S.....	173
18.4. Cocoa-Milk-Sugar Powder.....	174
Appendix 1: A detailed overview of milk fat fractions used as blending components in a variety of applications.....	175
